Politics in Meade.

The Meade County Circuit Court convened at Brandenburg last Monday. Judge McReath presiding. Commonwealth's Attorney, W. S. Clell was present and delivered the charge to the grand jury. This was the sum of the business for the first day.

The afternoon was taken up in hearing the dear candidates who are always on hand. There was not a large crowd present, but enough however to make it interesting for the candidates.

The first speaker was the Hon. Oscar Turner Jr., of Louisville. He was introduced to the audience by the Hon. Gus Richardson in a neat and complimentary speech. Mr. Turner declared himself a candidate for the office of Lieutenant Governor, subject to the action of the Democratic convention. He is a fluent and pleasant speaker and in making his announcement captured the crowd. Meade county Democrats will be sure to remember him when the convention comes on.

The second speaker was the Hon. John D. Hardin candidate for Representative. Mr. Hardin represented the county in the last Legislature and like all the boys who go to Frankfort to be a legislator, he went back. This was Mr. Hardin's desire and after giving an account of his stewardship which he did in a very graceful little speech, retired for others who had held the position.

Squire A. J. Thompson was only waiting for a chance to tell the dear people how he would like the honors they had given him for some good fellow. Mr. Thompson was a little embarrassed, not being used to speaking and was a little at sea as to how to get off the big speech he had in his mind. He said, "Hardin had 'kinder' knocked him off his base in his lengthy speech, but says he, 'I can tell you gentlemen what I am making the race on. My platform is first, Free and unlimited exchange of silver. If you elect me gentlemen, I'll never cast my vote for an increase in the taxes, and more gentlemen, I won't vote for any man for U. S. Senator unless I know him to be a strong supporter of the silver man. That's my platform gentlemen. I'm a Democrat too gentlemen and I'm seeking the nomination at your hands. If you vote me, you give me the nomination and I'll swear to you that I'll never go back on my word."

Mr. Thompson's plain, matter-of-fact way of stating his position seemed to carry with it and he retired amid a roar of applause.

Mr. Hardin in his speech did not touch on the vital question of the day and of course had to come back to it. He said, "He practically informed what Mr. Thompson had said on the money question, was with him on the Home-land law but couldn't say that he was, because he didn't know it. He said if the State needed money to meet her obligations and couldn't raise it in any other way than by increasing the taxes he would be in favor of it."

When Mr. Hardin got through Mr. Thompson jumped up to take the stand again, but before he reached it, a Populist out in the audience, shouted, "Now about those gold bonds issued by Cleveland and that \$9,000,000, he gave to that syndicate?"

This brought down the house and there was a great deal of talk. Mr. Campbell, for ten minutes the cry was kept up which was only quieted by the appearance of Mr. Campbell on the stand.

Mr. Campbell is a good old honest farmer from the Paynesville District. He's no fool either, but has an odd way of expressing his views which he always does when an occasion presents itself.

Mr. Campbell took the stand and said he had no intention of poking fun at the speaker and didn't propose to treat matters as a joke, nor did he get up for the purpose of making a speech or making any kind of a statement. He said in what he said and asked the question purely for information. Mr. Campbell said that he had been told that the gold bonds issued by Cleveland were a joke, and he was going to show conclusively that he was well up on the money question and fully qualified to talk on it in a plain, simple, and in what promises to be, one of the boldest and best speeches of the year.

The money question is the issue. It went down the people have got it, and to their heads that there is something wrong with the finances and they want to change them. It is a plain, simple, and in what promises to be, one of the boldest and best speeches of the year.

Mr. Ben Patterson, who has been very ill with heart trouble we are glad to say is better.

This old place is booming up now, there is a lot of work going on in ties and lumber timbering.

Rev. R. M. Phillips filled his regular appointment at Tar Fork Sunday. His sermon was a fine one and there was a large crowd attended.

There was a crowd of youngsters visiting Mr. Addison's place last Sunday. They all seemed to have a nice time.

Miss Annie Rowland, who is teaching school at Dukes, in company with her cousin, Miss Tillie Johnson, left for Owensboro county Thursday to visit her parents.

Death visited our community Saturday morning and took from our midst the infant daughter of Mr. and Mrs. J. J. Barnett. God let her remain with us but for a few short days; then in His wisdom called her to rest. May God comfort them and help them to be prepared to meet their dear baby in bright glory.

Oh! you will, you will be just as ragged, just as hungry, just as debauched and just as willing to lick the hand of any rich robber for a crumb as your English, French, German and other European brothers.

Fifteen Minutes In Our Store

going from counter to counter will bring forth loud praises of approval as you are shown the latest creations from the loom—new effects in Dress Goods, elegant fabrics, beautiful shades, artistic patterns. Dainty and delicate, these are the productions from the loom that make one as entranced. That unexplainable "something" which catches the eye and holds it, charms the pocket book—and opens it.
